Appendix C - Admin Functionalities Testing Guide

1. From the login screen, click ‘Register’ to sign up for an account. Fill out all the details on the sign-up screen to create your account.
2. Clicking sign up will take you to the Admin dashboard page. For the admin dashboard (and pages linked in the nav bar) have a play around with the following features in any order you would like (try to find any issues and to think about what you would see improved).
    a. The ‘Per User Visualisation’ – shows visualisations for the empathy score of a specific user.
        i. Play around with the filters.
        ii. Try downloading the graphs as PNG.
        iii. Try exporting graph data as CSV.
    b. The ‘All User Visualisation’ – shows visualisations for the empathy scores of all users.
        i. Play around with the filters.
        ii. Try downloading the graphs as PNG.
        iii. Try exporting graph data as CSV.
    c. The ‘Latest Empathy Scores of Users’ – a table showing the latest scores of all users for both the ‘User’ and ‘Practitioner’ quiz.
        i. Play around with the filters.
    d. The ‘Empathy Quiz Questions’ – allows the admin to change the questions of the empathy quiz. For this, you won’t be able to edit/delete any of the existing core questions, however, you can create new questions and test out the edit/delete functionality on the question you create. Above the table, take note of which quiz you add questions to.
        i. Add a few questions.
        ii. Try to edit the questions you added.
        iii. Try to delete the questions you added.
    e. In the nav bar, click on ‘History’ – this will take you to a page which shows a detailed history of each user – all the quizzes they’ve taken and when.
        i. Play around with the filter.

    f. In the nav bar, click on ‘All User Score’ – this will take you to a page which shows all the history of all the quizzes – information on all the instances of the quiz being taken.
        i. Play around with the filters.
3. Once you have tested out all the features, go back to the ‘Dashboard’ page and click ‘Quiz’ in the nav bar. This will take you to the empathy quiz.
4. Complete the empathy quiz and click ‘Submit’.
5. Clicking submit will take you to a ‘Usability Questionnaire’ for you to provide feedback on the general usability of our website and in particular, the Admin features. Please fill this out and click submit.
6. Submitting this questionnaire will take you to the results page of your empathy quiz, where you can see your scores and some recommendations based on the empathy quiz you took earlier.
7. If you scroll to the very bottom of this page, you will see a ‘Tool Feedback’ section. Here you can provide feedback on the Empathy Scale. Please fill this out and click ‘Submit Tool Feedback’.
8. Testing is now complete! You can log out.
